

Declaration of Conformity

General Product Safety Regulation (GPSR)

We, BABYLISS FACO S.R.L. authorised by BABYLISS S.A.R.L. and The Conair Group Ltd declare under our sole responsibility that the product mentioned above complies with the essential requirements and other relevant provisions of the Regulation (EU) 2023/988 of the European Parliament and of the Council of 10 May 2023 on general product safety, amending Regulation (EU) No 1025/2012 of the European Parliament and of the Council and Directive (EU) 2020/1828 of the European Parliament and the Council, and repealing Directive 2001/95/EC of the European Parliament and of the Council and Council Directive 87/357/EEC.

Product Description

The product is designed and manufactured in accordance with the general safety requirement laid down in Article 5 of the Regulation (EU) 2023/988. It has been subjected to an internal risk analysis and technical documentation has been prepared, containing a general description of the product, its essential characteristics, and an analysis of possible risks related to the product along with the solutions adopted to eliminate or mitigate such risks.

Compliance with Standards

The product conforms to relevant European standards or parts thereof as far as the risks and risk categories covered by those standards are concerned. The references of these standards have been published in the Official Journal of the European Union in accordance with Article 10(7) of Regulation (EU) No 1025/2012.

Manufacturer's Obligations

BaByliss FACO S.R.L ensures that the product bears a type, batch, or serial number or other element enabling its identification, which is easily visible and legible for consumers. The product is accompanied by clear instructions and safety information in a language easily understood by consumers in the Member State where the product is made available on the market.

Corrective Measures

In case the product is found to be a dangerous product, BaByliss FACO S.R.L will immediately take corrective measures necessary to bring the product into conformity, including withdrawal or recall, as appropriate. Consumers and market surveillance authorities will be informed through the Safety Business Gateway.

Accident Reporting

BaByliss FACO S.R.L will ensure that any accident caused by the product is notified without undue delay to the competent authorities of the Member State where the accident has occurred, including details of the product and the circumstances of the accident.

Traceability

BaByliss FACO S.R.L will maintain a system of traceability for the product, enabling the identification of the product, its components, and the economic operators involved in its supply chain. This includes the collection and storage of data, which will be made available to market surveillance authorities upon request.
